

## Contemplative Photography

1. Taking a “long and loving look,” what do I see in this image? What stands out to me?
2. “Listening” with my eyes and my heart, how do I receive the invitation in this image?
3. What is the “story” that this image tells me? Where am I in this story? What feelings arise in me?
4. How does this image connect with what is going on in my life at this time?
5. What is waiting to be revealed?
6. What draws me to this image?
7. What pierces me about this image?
